

Privacy Policy

Effective Date: July 15, 2025

ResumeBuilder Pro (“we”, “us”, or “our”) respects your privacy. This Privacy Policy explains how we collect, use, and protect your information when you use our website and services.

1. Information We Collect

ResumeBuilder Pro does **not** collect any personal data or store any user input on our servers. Your resume content and edits stay entirely **on your device** and are **not uploaded or stored** anywhere.

We may use minimal, anonymous analytics (e.g., Google Analytics or Plausible) to understand how the site is used — but this data does not include names, resume content, or any personally identifiable information (PII).

2. Use of Cookies

We use cookies only to improve user experience and collect anonymized usage statistics. These cookies do **not** track your behavior across other websites.

3. Third-Party Services

If used, we may integrate services like:

- **Google Analytics** for traffic insights (anonymous)
- **Vercel** or similar providers for hosting

These services may collect basic technical data like browser type, location (approximate), and visit duration. No resume content is shared.

4. Data Security

Because we don’t store your resume data on our servers, you are in full control of your information. We recommend you **export or save** your resume regularly.

5. Children's Privacy

This service is not intended for use by children under the age of 13. We do not knowingly collect personal data from children.

6. Changes to This Policy

We may update this Privacy Policy from time to time. Changes will be posted here, and your continued use of the site means you accept the updated terms.
